## ICT Computer Lab

In the Academic year 2022-23 the IQAC of our college recommended for ICT Lab to our college management. The Management instantly approve for the same.

ICT resource centre is designed to help the pupil teachers to learn how to use modern teaching equipment's in different aspects of teaching and language solutions to make teaching process interesting and easy. The college has established the ICT Computer Lab equipped with total 08 computers. The students and faculty members started to use this lab. IQAC Cell maintains this Lab. When any problem occurs, the computer technician visits the Lab.

As far as the lecture method in the class room has become old, the LCD Projector has also made available in this Lab. The faculty members started to use this lab for Power Point presentation. The faculty uses this Projector and Smart Board for regular lecture. This ICT Lab is equipped with Internet facility.
